15. Textiles		
16. Zoology		

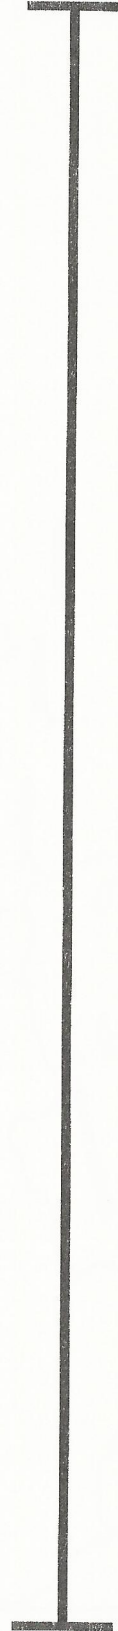

READING NOTES 10

Use the map below as you follow the directions your teacher has provided. Write the letter of each placard next to its matching topic on the opposite page. In an appropriate place on the map, draw a symbol for the Muslim contribution you read about. Then write a one-sentence summary about the contribution.

Examine your completed Reading Notes. Then choose six Muslim contributions to place along the spectrum below in places you decide are appropriate. Illustrate and label each contribution. Underneath the spectrum, write a short paragraph explaining your placement of the contributions.
